

## Petition to Protect the Arctic National Wildlife Refuge

Dear President Obama:

The Arctic is all around us. Every year, birds that begin their life on the Coastal Plain of the Arctic National Wildlife Refuge journey to all 50 states and across six continents before heading back to the Arctic, where the cycle of life begins again. The Arctic is the origin of life for more than just birds – numerous species of mammals bear their young on this vast expanse of tundra including polar bears, caribou and more.

As we mark the 50<sup>th</sup> anniversary of the Arctic National Wildlife Refuge, we must do everything we can to ensure this last wild haven remains for generations to come. Please protect the Arctic Refuge as wilderness by granting it the strongest administrative protections available, and help launch a new era of Arctic conservation.

Let's leave a lasting legacy for our children.

**Please print clearly and fill out the information completely.**
